

Our packages include ALL services and merchandise for either direct cremation or direct burial. You will not pay any hidden costs and everything is explained in writing.

Why Cady?

Cady Cremation Services is Western Washington's only independent, stand-alone crematory that is not associated with any funeral home or cemetery. You will find that our dedicated facility and licensed, professional staff will provide your family with the highest level of service at a fair, honest price. Why pay for the high overhead of funeral homes designed to support full traditional burial services? We cut out the middle man and provide the service and value you deserve.

Cady's Unique Options

At Cady, we understand the need to see a loved one who has passed one more time. We can provide simple preparation of your loved one **WITHOUT** embalming. Viewing will take place in our chapel for families that want this option.

All faiths are welcomed at Cady. We provide options for witnessing cremation, dressing the deceased, and an area for blessing those who have passed.

We also offer scattering on beautiful Puget Sound as an option. We can arrange scattering almost anywhere.
